

Dear Hiring Manager,

I am excited to apply for the Student Full-Stack Developer position at NYU IT. As a Master's student in Computer Engineering at NYU (GPA: 3.9/4), I have hands-on experience in full-stack development, cloud computing, and data visualization, making me a strong fit for this role. My background in frontend and backend development, API integration, and cloud-based application deployment aligns well with the responsibilities outlined in the job description.

Relevant Experience:

NYU – On-Campus Software Engineer

- Performed ETL processes to ingest unstructured NoSQL JSON data from 10,000+ users into PostgreSQL, utilizing GCP Cloud Functions.
- Built data visualization dashboards in AWS Quick Sight and Q to enhance analytics and real-time decision-making.
- Build an React Website to host the dashboard, Cognito for user Authentication, Postgres for backend and implemented stripe integration for the payments.

PwC – Senior Software Engineer

- Built and managed enterprise-grade web applications using React, TypeScript, and Node.js.
- Engineered and optimized serverless database structure that improved data storage, retrieval, and processing workflows; achieved a 20% reduction in latency across diverse digital environments for seamless operations.
- Implemented Azure CI/CD pipelines to streamline the solution migration to 3 higher environments, resulting in a 90% decrease in deployment time and enhanced software development lifecycle.
- Worked in an Agile environment, collaborating with engineers and stakeholders to build scalable applications.

Technical Skills:

Frontend Development: React, TypeScript, JavaScript, HTML, CSS

Backend Development: Node.js, RESTful APIs, Express, Sequelize.

Database Management: PostgreSQL, MongoDB, MySQL

Cloud & DevOps: AWS (S3, Lambda, Cognito, EC2, QuickSight, Q), Azure, Git.

With my full-stack development experience, database management skills, and cloud computing expertise, I am confident in my ability to contribute effectively to your team. I have attached my resume for review and would appreciate the opportunity to discuss further.

Thank you for your time and consideration!

Best regards,

Ajay Venkatesh
