

Respected Hiring Manager,

I am writing to express my interest in the **Student Co-op - Information Technology** position. Currently, I am pursuing a **Master of Science in Computer Engineering at New York University (GPA: 3.9/4)** and have hands-on experience in **IT support, system administration, data analytics, and cloud computing**. With prior experience in both **technical consulting and data engineering**, I am eager to apply my skills to support IT operations and business intelligence initiatives.

In my role as an **On-Campus Data Engineer at NYU**, I have:

- **Developed Power BI dashboards and AWS QuickSight visualizations** to analyze **real-time healthcare data**.
- **Automated ETL workflows** to process large datasets efficiently using **AWS Lambda and GCP Cloud Functions**.
- **Provided IT support and troubleshooting** by responding to **technical assistance requests** and configuring **hardware and software** for various users.

At **PwC as a Senior Technology Consultant**, I:

- **Built and managed enterprise-level Power BI dashboards**, improving data visualization and business reporting.
- **Developed and optimized SQL queries** to process data efficiently from **Snowflake, PostgreSQL, and Azure Databricks**.
- **Implemented Azure CI/CD pipelines**, reducing **deployment time by 90%**, and ensured seamless **IT system integrations**.
- **Collaborated with engineers and developers** to solve complex technical challenges and **improve system security and performance**.

I am **certified in Power BI Data Analyst Associate and Azure Data Fundamentals**, showcasing my expertise in **business intelligence, data visualization, and IT infrastructure management**. My ability to **troubleshoot IT issues, set up hardware/software, and work with cloud technologies** makes me a strong candidate for this role.

I have attached my resume for your review and would welcome the opportunity to discuss how my skills align with the position's requirements. Thank you for your time and consideration—I look forward to your response!

Best regards,

Ajay Venkatesh

M.S. Computer Engineering, NYU
