

Education

New York University, New York, NY

Aug 2024 – May 2026

Master of Science in Computer Engineering (GPA: 3.9/4.0)

Coursework: System Design, Data Structures, Machine Learning, Big Data, Advanced Java

Experience

• CampusMesh

Software Developer

Jan 2026 – Present

New York, US

- Developed and maintained application features in **JavaScript/Node.js** backend services supporting internal and member-facing workflows across messaging, notifications, and profile management.
- Wrote and optimized **SQL queries** over **MySQL (Sequelize)** and **DynamoDB**; troubleshooted defects, participated in code reviews, and supported deployment across **4 environments** on AWS.
- Collaborated with product stakeholders to translate requirements into maintainable backend changes following established development standards and **Git**-based version control.

• Amazon

Software Development Engineer Intern

May 2025 – Aug 2025

Seattle, US

- Built a **React 18** frontend with optimized API integration, filtering, and caching, reducing page load time by **40%** for an internal operations console.
- Engineered backend **REST APIs** in **Java**; wrote **unit and integration tests** with **Mockito**, troubleshooted integration defects, and incorporated feedback from code reviews.
- Assisted with deployment through **multi-stage CI/CD** pipelines provisioned via **AWS CDK** and **Git**-based build automation across regions.

• New York University (Novel AI Technologies, Inc.)

Software Developer

Aug 2024 – Present

New York, US

- Developed an **insurance analytics platform** (**React, JavaScript, Node.js, REST APIs**) for P&C-style risk and underwriting workflows; deployed via **Docker** on **AWS EC2** for internal and external insurer users.
- Built a broker portal integrated with insurer systems; improved applications through user feedback, **WebSocket** updates, and **RBAC** controls across **6 insurance clients**.
- Authored **SQL** ETL jobs into **PostgreSQL**; processed **250K+** records and supported reporting dashboards for operations and data validation.
- Contributed to a mobile health application for **iOS** and **Android**, coordinating feature delivery with cross-functional partners on an NSF-funded product.

• PricewaterhouseCoopers (PwC)

Senior Software Engineer

Aug 2021 – Aug 2024

Bengaluru, India

- Developed and maintained internal applications on **Microsoft Azure** using **C#/.NET** and **REST API** integrations with **Dynamics 365 CRM**; wrote **SQL queries** and **stored procedures** over **SQL Server**.
- Automated business workflows with **Azure Logic Apps** and **Power Automate**; optimized bulk ingestion from **100K-row** feeds, cutting execution from **5 hours to 1 hour**.
- Participated in **Agile** ceremonies, code reviews, and **Azure DevOps CI/CD** deployments; mentored engineers on testing and troubleshooting, reducing production bugs by **25%**.

Projects

• Hospital Management System (Full-Stack Application) | *React, JavaScript, Node.js, Express, MongoDB, SQL*

- Built a full-stack application with **React** and **REST APIs** managing appointments, patient records, and lab reports; implemented **role-based access control** and relational data patterns.
- Wrote API **unit tests** for critical service paths and documented modules for maintainable handoff across team contributors.

• Advanced Expense Tracker (Java Desktop Application) | *Java, JDBC, SQLite, SQL, JUnit*

- Architected a modular **Java** desktop application with secure login, **SQL** persistence via **JDBC**, and **JUnit** tests for core business logic using **OOP** and **MVC/DAO** patterns.

Skills

- **Programming Languages:** C#, JavaScript (ES6), TypeScript, Java, Python, SQL (T-SQL), C++
- **Web & Backend:** .NET, React, Node.js, Express.js, REST API, Microservices
- **Databases:** SQL Server, PostgreSQL, MySQL, MongoDB, DynamoDB
- **Cloud & DevOps:** Azure (DevOps, Function Apps, Logic Apps), AWS (EC2, Lambda, CDK), Docker, CI/CD, Git
- **Tools & Platforms:** Visual Studio, Postman, Sequelize, Power BI, Linux, Windows

Certifications

AWS Cloud Practitioner

Azure Data Fundamentals

Stanford Machine Learning (Coursera)
